

WELCOME

POWER STEP

Power Step is one of the well-known organizations, enormously indulged in manufacturing and supplying of products such as Servo Voltage Stabilizer and AC Synchronous Motor .

These presented products are developed using the performance tested component, sourced from truthful sellers of market. Moreover, in order to supply the best performance of products, these products are tested on varied industry parameters using the advanced testing tools. Our presented products are broadly well-liked by our customers for their top performance, sturdy design, low maintenance and longer working life.

ABOUT OUR COMPANY

WELCOME TO POWER STEP

Established in 1996, we, Power Step is one of the well-known organizations, enormously indulged in manufacturing and supplying of products such as Servo Voltage Stabilizer and AC Synchronous Motor . These presented products are developed using the performance tested component, sourced from truthful sellers of market. Moreover, in order to supply the best performance of products, these products are tested on varied industry parameters using the advanced testing tools. Our presented products are broadly well-liked by our customers for their top performance, sturdy design, low maintenance and longer working lif

POWER STEP

SERVO CONTROLLED VOLTAGE STABILIZER

WHAT WE OFFER ALWAYS

1

Servo Controlled Voltage

At POWER,STEP we develop all our products under the guidance of an experienced and skilled team of engineers. They're highly qualified accompanied.

2

Linear Servo Voltage Regulator

Linear Voltage regulators employ vertical windings with Carbon Rollers on both sides of the coil. Linear technology employs heavy section of electrolytic grade

3

Servo Voltage Stabilizer

Servo Voltage Stabilizer are a type of transformer, designed to have primary input and secondary output windings. Both these windings are separated

SERVO VOLTAGE STABLIZER

COMPANY HISTORY

Power Step India

Power Step India is an industrial electrical equipment manufacturer and supplier based in Ghaziabad. The company is known for producing voltage-control and power-management solutions used across domestic and industrial applications.

★ Company overview

- Established industrial manufacturer and supplier of power-conditioning products
- Provides solutions for voltage fluctuation control and power distribution
- Serves customers across India with manufacturing and service support
- Contact mobile commonly listed: +91-9891090491

OUR CLIENTS

OUR COMPANY MISSION

Our Mission

At Power Step India, our mission is to deliver reliable, energy-efficient, and technologically advanced power-conditioning solutions that ensure stable electrical performance for every customer. We strive to support industries, businesses, and institutions with high-quality servo voltage stabilizers and electrical equipment that enhance productivity, protect valuable machinery, and reduce operational downtime. We are committed to continuous innovation, superior manufacturing standards, and customer-centric service, enabling us to build long-term relationships based on trust, performance, and value. Through sustainable practices and engineering excellence, our goal is to contribute to a stronger and more dependable power infrastructure across India.
